

NEW W1200A pocket hunting laser rangefinders portable laser distance measurement waterproof high quality 1200 meters

Laser range finder portable hunting distance measure instrument, pocket use, mini, high quality, high resolution

S: speed and distance???????? A: speed & distance & angle & height???????? G: golf

Model No.: W1200S/W1200A

Products Description:

1. The product has a 6X optical viewing system. It's easy for targeting, and it has four basic functions of range, speed, (Angle, Height) measurement.
2. In addition, the product is with graceful appearance design which meets the design concept of human engineering.
3. The product is designed to satisfied waterproof class of IP7 (Not for use under water).
4. The product comes with automatic shutdown function (8 seconds if unattended).
5. An addition of Flag Locking Mode, it can separate the target flag from the background, lock and measure the target automatically. The function is useful for golfing.

General Features:

Technical Data	Parameters
Measuring Range	3M-1200M
Speed Measuring Accuracy	±0.5M (within 400M) or ±1M (400M-1200M)
Measuring Range of Speed	18-300km/h
Laser Wavelength	905nm

Telescope?Magnification	?6X
Eyepiece?Size	16mm
Object?Lens?Size	22mm
Exit?Pupil?Diameter	3.5mm
Field?Angle	7.5°
Battery	CR2-3V
Security	Class?1?Laser?Producter
Weight	223g(with?battery)
Dimensions	127mmx80mmx43mm
Waterproof	IP4/5
Operating?Temperature	0°C-50°C
